Lessons 25–29 · Review

Lesson 30

TIPS

- Understanding word endings can help you spell many words correctly. Some are easy to confuse, such as **ise** and **ize**, **ent** and **ant**, and **ary** and **ory**. Pay close attention to the spelling of words with similar endings. Here are several examples:

  prevalent, relevant, franchise, harmonize, advisory, preliminary

- The suffix **ity** forms a noun from an adjective, as when formal becomes formality. When this suffix is added to words ending in **ble**, an **i** is inserted before the **l**, so that words like liable become liability. In some words, the base word changes in different ways. For example, hospitable becomes hospitality.
- Many English words come from French and may contain letter combinations that are common in French words but unusual in English words, such as the ending of finesse. Other words from the French may contain accent marks, as in sauté.
- Our language also has words that do not follow the usual spelling rules. These may contain unusual spellings for certain sounds or unexpected double consonants. In the word jeopardy, for example, the vowel sound for short **e** is spelled **eo**. The word allotted has two pairs of double consonants.
- The best way to learn words with unusual spellings is to study them and use them.

Lesson 25

List Words

pleasant
apologize
compromise
dependent
observant
competent
economize
jubilant
enterprise
itemize

Replace the underlined word or words in each sentence with a **list word**. Write the **list word** on the line.

Name: _____ Date: _____

Famous Quotes of the Civil War

Directions: Read the famous quotes from the Civil War era and note the authors. Copy the quotes using proper cursive writing form.

"A house divided against itself cannot stand."

--Abraham Lincoln

"... there was one of two things I had a right to, liberty, or death; if I could not have one, I would have the other; ..."

--Harriet Tubman

"There can be no neutrals in this war; only patriots and traitors."

--Stephen Arnold Douglas

Five Minute Multiplying Frenzy (O)

Name: _____ Date: _____

Multiply each row number by each column number.
(Range 2 to 12)

×	8	7	11	3	6	9	10	2	5	12
10										
5										
7										
9										
11										
12										
3										
8										
6										
4										

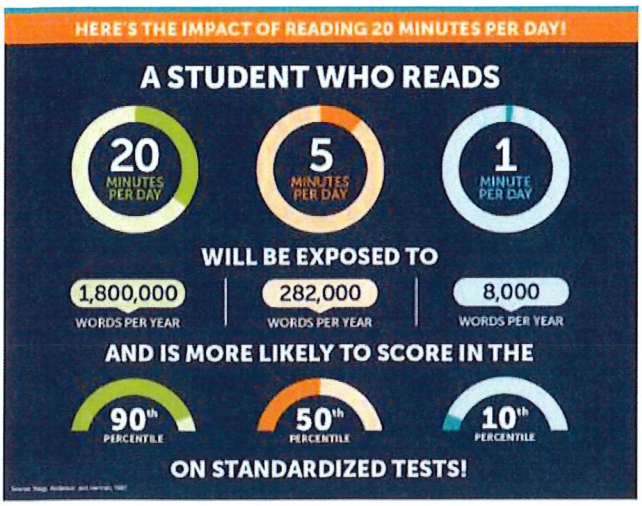

Time: _____ Score: _____ /100

Unknown Variables in Equations (B)

Name: _____ Date: _____

Determine the value of each variable.

1. $6 = h \div 6$
2. $104 \div n = 8$
